

Practice: Directional Terms and Anatomical Planes

Anatomy and Physiology Honors

Match the terms below with the letters from the diagram.

Body Planes:

Mid-sagittal (Median): _____

Frontal (coronal): _____

Transverse: _____

Anatomical Directions

Distal: _____

Proximal: _____

Medial: _____

Lateral: _____

Superior: _____

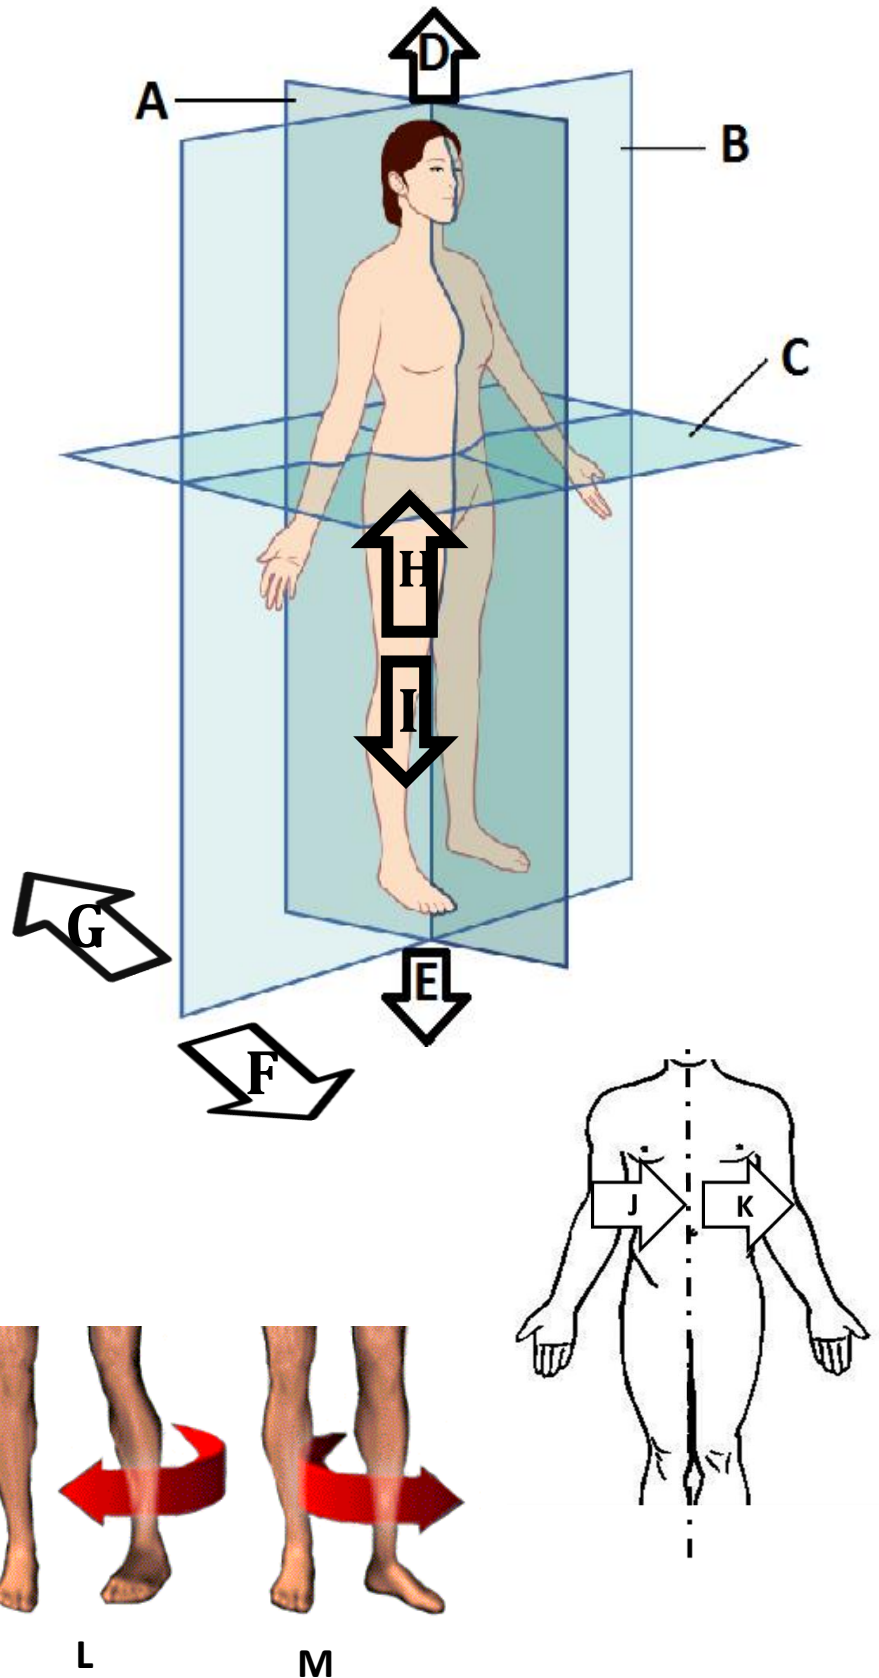

Inferior: _____

Anterior: _____

Posterior: _____

Medial Rotation: _____

Lateral Rotation: _____

Finally, add a **OBLIQUE** line to the first diagram.
